

Accelerate Literacy Growth with Connected Remote & Hybrid Learning Solutions

Whether your students are learning in the classroom, at home, or a little of both, Achieve3000's remote and hybrid learning solutions will keep them connected and engaged. Our proven digital solutions deepen learning, promote growth, and allow for a seamless transition between in-person and remote instruction.

Achieve3000 solutions for ELA, science, social studies, and math offer:

- ✓ **Embedded assessments** that deliver the opportunity to monitor students' progress over time. Your teachers will know exactly where each student left off, what they are achieving, and what is next to meet the standards.
- ✓ **Equitable access to relevant content** personalized at each student's reading level (12 levels in English and 8 levels in Spanish) gets students excited and engaged.
- ✓ **Built-in scaffolding** that gives students the extra support they need at home. Teachers can monitor and adjust instruction based on real-time data.
- ✓ **Collaboration and dynamic feedback** tools that enable personalized conversations, engagement, and meaningful discussions. It is almost like a teacher is sitting right next to the student!
- ✓ **An award-winning curriculum platform** with a wide variety of content, content authoring tools, and LMS integrations to foster deep learning and a consistent approach.
- ✓ **A guarantee of 2X** your expected reading gains, or next year is on us! We are committed to your success.

Collaborative feedback tools keep teachers connected with students in real time.

About Achieve3000

Achieve3000 delivers a comprehensive suite of digital solutions that significantly accelerate literacy and deepen learning across the content areas. Using personalized and differentiated solutions, Achieve3000 provides equity for remote and on-site instruction, enabling educators to help all students achieve accelerated growth. For more than four million students in grades PreK-12, Achieve3000 improves high-stakes test performance and drives college and career readiness.

Differentiated, personalized, and collaboration-ready, Achieve3000 gives teachers more time for instruction, more time for engagement, and the flexibility to connect regardless of language, learning level, or access.
